

NATIONAL MARITIME SAFETY AUTHORITY

CAREER OPPORTUNITY

The National Maritime Safety Authority (NMSA) is responsible for promoting, complying with and maintaining world class maritime safety standards in Papua New Guinea consistent with legislation and commitments under National Legislation and International Conventions in order to facilitate a safe, efficient and environmentally responsible shipping sector for stakeholders in government, industry and the community. Under the mandate, NMSA ensures a fully functioning and effective network of aids to navigation; availability of high quality and up to date navigational charts; that vessels meet the safety standards required by law and international commitments; ensuring seafarers' competency through vigilant examination and certification, and coordinating maritime responses to distress calls and monitoring and controlling ship-sourced pollution. The NMSA now wishes to fill the following positions:

Manager Search & Rescue

Job Objective

Respond to distress calls and coordinate maritime search and rescue operations.

Principal Accountabilities and Services Standards

Among the core accountabilities the successful incumbent will:

Ensure immediate turn-around time to distress calls and/or reports; ensure all search and rescue processes are coordinated effectively and efficiently; maintain constant dialogue with key emergency agencies and stakeholders; ensure accurate and timely reports are prepared and submitted; ensure Maritime Rescue Coordinating Centre is maintained and fully operational consistent with industry best practices.

Person Specification and Experiences

The successful person for this position must meet the following requirements:

Skills

High level coordination skills; managerial skills; good analytical skills; excellent communication skills; advance computer skills; advance application in vessel monitoring systems (VMS); long range identification tracking (LRIT), automatic information system (AIS), global maritime distress safety system (GMDSS)

Knowledge

Proficient knowledge in; Maritime operations and navigation; IAMSAR manuals; SAR Conventions 79; Radios and GMDSS; Vessel Monitoring Systems

Qualifications

Minimum qualification is Mate Class 1 and or Certification is Maritime Search and Rescue or equivalent.

Experience

Minimum of 15 years in management and operations of search and rescue would be advantageous.

Apply Now before CLOSE OF BUSINESS on 2 March 2018

The National Maritime Safety Authority offers genuine career opportunities with attractive remuneration package for the right candidate. The successful candidate we are seeking will have relevant qualifications and experience in the role; have commitment, takes initiative and have personal integrity.
